SUMMARY	
	• Eleven years and two months of experience in software requirements analysis, design, development, verification, planning, and release.
	• Two years and ten months of experience in an electronic manufacturing company.

SKILLS						
	Languages:	C	Python	HTML	CSS	SQL
		C++	Java	XML	JavaScript	PHP
	Tools:	MATLAB & Simulink		Vector CANoe		Jira
		Enterprise Architect		Vector CANdelaStudio		Subversion (SVN)
		FSM		MxVDev		Azure DevOps
		Trace32		WordPress		Git

WORK EXPERIENCE			
	Software Lead Engineer	June 2021 – **Present**	Lear Philippines Engineering Branch
	Software Engineer III	June 2017 – June 2021	
	Software Engineer II	August 2015 – June 2017	
	Software Engineer	July 2014 – August 2015	NCR
	Software Engineer	May 2011 – July 2014	Lear – PETC
	Production Technician	July 2008 – May 2011	Cebu Mitsumi Inc.
	Student Trainee	October 2007 – April 2008	PLDT

EDUCATION			
	Bachelor of Science in Computer Engineering	University of Cebu – Banilad Campus	March 23, 2010

TRAINING			
	Lear Corporation	**ISTQB Certified Tester Foundation Level**	ASPICE
		Design for Six Sigma	**AUTOSAR**
		ISO 26262	
	Cebu Mitsumi Inc.	Concept and Applications of SPC	5S
		Process Failure Mode and Effect Analysis	ISO 19001
		Gauge Repeatability and Reproducibility	ISO 14001

OTHER ACTIVITIES			
	Resource Speaker	**Model-based Design Using MATLAB** University of Cebu – Lapulapu and Mandaue Campus	May 13, 2017
		Python Programming University of Cebu – Banilad Campus	September 26, 2016
	Facilitator	**Model-based Design Using MATLAB** Lear Corporation PETC, Conference Room 3	May 28, 2014
		Python File Handling, String Manipulations, OOP & GUI Cebu Institute of Technology, Computer Engineering Lab	May 17, 2014
		Basic Python Programming Cebu Institute of Technology, Computer Engineering Lab	May 10, 2014
		Basic Python Programming University of Cebu – Main Campus, CISCO Laboratory	April 12, 2014
		Python Programming Training Workshop Lear Corporation PETC, CE Conference Room	March 10, 11, 13, & 17, 2014
